

**a. What is Transfer Pricing?**

A transfer price is the price at which goods (or services) are sold between divisions of a company, or between companies in the same group (that have the same parent company).

**b. What is the Transfer Pricing paper?**

This examination covers the fundamentals of transfer pricing based on the OECD model. The paper will focus on transfer pricing methods, the arm's length principle, comparability, compliance issues and avoiding double taxation and dispute resolution. Please see the syllabus for full details.

**c. Where does the TP paper fit in the overall qualification?**

The ADIT qualification is in modular form and is awarded when all stages have been completed. It consists of three papers although a thesis may be substituted for either Paper II or Paper III. Paper I – Principles of International Taxation – is required. Paper II tests detailed knowledge of a primary jurisdiction from a choice of six. Paper III tests an awareness of basic tax issues in a second jurisdiction or subject from a choice of six – one of which is the Transfer Pricing Paper.

**d. There is a separate certificate – how will this work?**

Candidates will need to apply for the certificate via the website after they have passed the examination. There is a fee of £15 for the certificate. Please visit the website for more information.

**e. Is there a CPD requirement?**

No. The certificate is dated as a new examination paper is set every year to reflect up to date development in transfer pricing and international taxation.
